

MOBILIZE

COMMUNITY COLLEGE CYBER FASTTRACK PILOT PROGRAM

Engage Your Community College Cybersecurity Students

Are you seeking unique and creative ways to engage your community college cybersecurity students but need additional funds to make opportunities happen?

Tap into your creativity and mobilize your students of all genders for Cyber FastTrack activities, scholarship opportunities, and more while taking your classroom learning experiences to the next level!

Request for Proposals (RFP)

WiCyS, in partnership with the National Cybersecurity Scholarship Foundation (NCSF), is opening up a Request for Proposals to pilot programs that include engagement with Cyber FastTrack.

NCSF will award 3 grants (\$2,000 each) to test novel, scalable outreach strategies that have a high potential to captivate a diverse group of participants in different geographical regions. This RFP is for U.S. community college submissions only.

Request For Proposals Available Until July 8, 2022

APPLY FOR THE PROGRAM HERE: www.wicys.org/cyber-fasttrack
